

DESCRIPTION

MICROBE MOP is designed to clean grease, grime, spoiled food, vomit, urine, feces or other organic spills on kitchen and restroom floors. Safe to use on all surface not harmed by water. MICROBE MOP's unique formula contains selected strains of natural enzyme-producing bacteria. These special strains of bacteria are efficient at digesting organic waste to eliminate odors at their source.

DIRECTIONS

SHAKE OR MIX WELL BEFORE USING.

For cleaning many types of surfaces including concrete, quarry tile, ceramic tile, brick and any grouted floor surface without floor finish, dilute 4 ounces of MICROBE MOP into 1 gallon of warm, not hot, water. Solution may be mopped or brushed on to floor. Rinse with clean water.
